

COVID-19 (2019 Novel Coronavirus) Quick Stats (Preliminary Numbers, Subject to Change)

Updated 4/24/2020

- There were 2,777 cases from 76 counties with 111 deaths reported as of 11 a.m.
- There have been 457 of 2,173 cases that have been hospitalized.
- There have been 20,806 negative tests conducted at KDHE and private labs.
- Age range is 0 years to 99 years (median 50 years)
- There have been 699 positive tests at KHEL and 2,078 at private labs.
- 1,377 cases are female and 1,387 are male and 13 unknown.

We also anticipate seeing an increase in the next several days for areas in Western Kansas due to the new testing strategies implemented. There may be delays with those county numbers being reflected in KDHE's total due to the additional time it's taking to enter the lab reports.

County	Case Count
Atchison County	8
Barber County	1
Barton County	9
Bourbon County	6
Butler County	13
Chase County	1
Chautauqua County	3
Cherokee County	7
